A screenshot of the Microsoft Power BI desktop application. The interface includes a top navigation bar with File, Home, Insert, Modeling, View, Optimize, and Help tabs. The Home tab is selected. Below the navigation bar is a ribbon with various icons for data management, visualization creation, and sharing. A search bar is located at the top center. On the left side, there's a vertical pane with icons for file operations like Get data, Refresh, and Publish. The main workspace displays a large, bold numerical value "27.00" with the subtitle "Max of Sales". Above this value is a search bar containing the text "maximum sale". To the right of the workspace is a sidebar titled "Filters" which contains sections for "Filters on this page" and "Filters on all pages", each with a "Add data fields here" button. At the bottom of the screen, there's a navigation bar with buttons for navigating between pages (Page 17 to Page 32) and a green "+" button. The status bar at the bottom shows "Page 29 of 31", a zoom level of "89%", and a message "Update available (click to download)". The taskbar at the very bottom features the Windows logo, a search icon, and several pinned application icons.
